there has been action —

as individually we surged through four

there has been wonder —

as we experienced moments of realization  
of the importance of all things

there has been change —

as we ceased to remain stagnant, increasing  
our awareness

there has been life —

as the spirit of education picked us up  
and set us free

this is our Abington High School . . .

To the Class of 1971:

You have chosen as the theme for your year-book -- Individuality. This certainly is a timely theme; "to do your own thing" is the watch cry of the young. You have seen a liberal interpretation of the 1st and 14th amendments; you have sanctioned the women's liberation movement; you have rejected the midi and endorsed the mini. The voice of youth has been distinct in questioning the semantics of parents, teachers and political leaders. Young people have their own definitions and meanings for such words and phrases as -- patriotism, consumerism, puritan sexuality, the work and success ethic, education as a social ladder, war, morality, ecology, social order and justice.

Today's young has one great advantage over the youth of any other age -- instant coverage by a world wide media. The thoughts, the feelings, the hopes, the desires of youth are well known today. For many ages the idealists, the romanticists, the dissenters, the do-gooders were voices crying in the wilderness. Theirs was a small world of newspapers, pamphlets, magazines and short range radio audiences. Today television covers the earth, the moon and the stars; youth is heard.

What a responsibility to place on the shoulders of a youthful Atlas! You want Peace, Equality, Justice, Happiness and you are willing to work for a better world for all people. The world knows you want these things; so also do many people in the world hope and pray for them.

May the Good Lord give to youth strength and courage to struggle for your desires during the days of youth and the years of middle age so that in old age you can sincerely say, "We made the world a better place for all people."

May success and happiness be your constant companions.

Sincerely,  
John A. Murray, Principal

we dedicate ourselves  
to the preservation  
of individuality

for although all things are created within a pattern

each is unique unto itself  
beautiful and free, majestic in its individuality

each thing must seek  
and be sought for  
each has a birth  
and a purpose to fulfill  
all things develop into new things  
for change is constant  
and to each an end  
and then a new beginning

"It is not what he has, nor even what he does which directly expresses the worth of a man -- but what he is."

Henri Frederic Amiel

We, the class of 1971, would like to express our sincerest thanks and deepest appreciation to our friend as well as our vice-principal, Mr. Henry Trimble. For four arduous yet fulfilling years, he has disciplined us when necessary, praised us when we deserved it, and advised us when we sought his assistance. Perhaps what makes H.T. so special is his open commitment to all the students of Abington High School. Our relationship with Mr. Trimble began in our freshman year when he was our class advisor. Through his guidance our class became one of the most actively involved classes at the High School. During our sophomore, and junior years he remained an example of one man's dedication to youth; by attending football and basketball games and showing genuine interest in all student activities. Now, as seniors, we wish to thank you H.T., for bringing our class closer together and making us more aware of our responsibilities; more aware of life.

There were those who must have thought us mad  
spending all that time and money we never had.  
Well, some trust in chariots and some in marble banks,  
some of us just love each other and never ask for thanks.

There were those who must have thought us daft  
from the way we cried together and the way we laughed.  
Well, some trust in chariots and some in big machines,  
some of you save diamonds, some of us save dreams.

We, the co-editors of Abington High's 1971 GREEN YEARS, would like to personally thank all those who dedicated so much of their time and effort in Yearbook's behalf. We have found many rich friendships, much happiness, many smiles mixed with a few tears, and most important of all, a lifetime of precious memories.

I'll catch the sun  
and never give it back again.  
I'll catch the sun  
and keep it for my own.  
And in a world where no one understands  
I'll take my outstretched hand  
and offer it to anyone  
who comes along and tells me  
he's in need of love.  
In need of hope or maybe just a friend.  
Perhaps in time I'll even share my sun  
with that new anyone  
to whom I gave my hand.

# Class History

In September 1967, we, the class of 1971 cautiously and curiously embarked on a new experience as we passed through the blue doors of Abington High school. Our Junior High school days were easily forgotten as we concentrated on dodging the upperclassmen. Elected to lead us through this perilous year were Stephen, Chris, Marcia, and Diane. With the fearless Mr. Trimble as our advisor we became known as the "Happenings" and boy did things happen. We fed the ducks, took over the police station for a day, awarded chief Murphy for doing a fine job and had an undefeated freshmen football team. We spent our spare time memorizing Mrs. Walsh's seemingly endless paragraph that she called a sentence and sneaking out of 5th period study to Mr. Trimble's romper room, located on the first floor. We picked up quite an array of well-informed, well educated teachers -- Hello Joe Polowski, Hello Miss Rodriguez and also left them behind as we entered into our sophomore year.

Our sophomore year started with several casualties, all the members of J.V. football team alias the "Hamburger Squad". It was the year Gus became vocal and Gwen started growing, growing, growing . . . and hasn't stopped yet. We said goodbye to the "Q" and hello to Brad. Led by the same foursome as freshmen year, we settled back, as far as we dared, and dreamed of the day that we would become seniors. During these short periods of intensive thought we tried to figure out whose class was the most incomprehensible -- Mrs. Connors' or Mr. Campbell's? Eddie and Roger spent their time sleeping in Mr. Robinson's room while Billy and Larry slept soundly at the outings. Kevin returned from his summer at Bridgewater as the Romeo of the PCC girls and Betty Boot thoroughly enjoyed her bus ride home from Lebanon. Remember Pamela Hutchinson's unprovoked attack on Anne Gregory? Or how about the splash parties at Diane's and Marsha's? Horseneck beach became our favorite and before the bus left we were raided. Remember the football games? The boys wanted to play "touch" and the girls wanted to play "tackle" (of course the girls got their way.) We gathered momentum and prepared to be upperclassmen without Mr. Callahan's guiding hand in the gym.

We returned in the fall of "69" with a full head of steam or (was it smoke?) ready to take on

anything including Mrs. Reilly's English class and Mr. O'Donnel's gym class. Our basketball team was completely Junior dominated and reached a milestone in the school's history by advancing to the semi-finals of the Tech-Tourney in the Boston Garden. Radical changes took place as Billy and Joe alias (Spiro) became officers. Cindy was elected secretary and Diane still held on. Strong and "steady" vibrations that shook the school occurred when the World lightweight championship took place featuring Dale Whitmarsh (wigless) in one corner and Linda Johnstone fought with seniority in the other. Peace finally came as our Queen Lisa floated in and then floated out again. We'll always remember "A Time For Us" but the day after is a complete blank. Remember the "Abington" fighting for their long locks and succeeding. College boards were really a strain but we survived and stormed into our senior year not knowing what to expect.

At last we were free from upperclassmen. Mike Robertson was voted President, Dale Whitmarsh Vice President, (an officer finally), Cindy Hill Secretary, and Diane Roberts Treasurer again! They set out to show the class their worthiness by giving a free lunch away and succeeded. Kenny, Patty, Andrea, and Nancy have to settle for picture postcards of Bermuda instead of a cottage on the beach. Our anticipated senior year had arrived. We had two successful dances and at last a profit making ACSF drive. The girls hockey team experienced an undefeated season and ended up as co-champs in the league. Miss Graham arrived with us freshmen year only to stay behind as we leave. And last but not least we would like to sincerely thank Mr. Byron just for being a great guy. The school was ours and so was the dress code. Almost anything could be worn, Purple levis, yellow wranglers, but no blue dungarees, they were a crime. Well I guess our times up, we served our four years some served with honorable mention others in office detention, but in the end when you look back wasn't it great being a Freshmen, and Sophomore, and Junior, and Senior? -- but we've only just begun, so we must go.

In September, 1970, Inger Bodil Maryann Alhstrom of Sweden became Abington High School's first foreign exchange student. Bodil entered as a member of our senior class though she had completed five years of grammar school, six years of girls' school, and one year of the gymnasium which is the equivalent of one year of Junior College. When she returns to Sweden she plans to finish two more years in the gymnasium in order to prepare for a career as a veterinarian.

Bodil's interests are many and varied. She enjoys such spectator sports as football, field hockey, basketball and ice hockey. And she was even lucky enough to obtain tickets to a Bruins' game. She is also interested in horseback riding, swimming, skiing and gymnastics. In school, Bodil is particularly fond of her art class, and attends classes at night that specialize in pottery work, as well as her American government class where she is learning more about her host country.

Life in the United States is different from life in Sweden, as Bodil has discovered. Yet she made friends readily and the differences did not seem to matter.

Thus, we, the senior class of 1971, would like to thank you, Bodil, for making our senior year very memorable as well as educational. You have shown us the existence of a language and a variety of customs that are foreign to us. But most important, you have increased our awareness of the world through your friendship. Bodil, it has been our pleasure to have you as an exchange student. No longer do we consider you our guest, because now you are our friend.

I do my thing, and you do your thing.  
I am not in this world to live up to your  
expectations.  
And you are not in this world to live up  
to mine.  
You are you, and I am I,  
And if by chance we find each other,  
it's beautiful
